

SOGRAPE

42

Hackathon Sogrape & 42 Porto

Team 7

The Challenge

Develop a functional and scalable application to demonstrate the prices of websites that distribute Sogrape products.

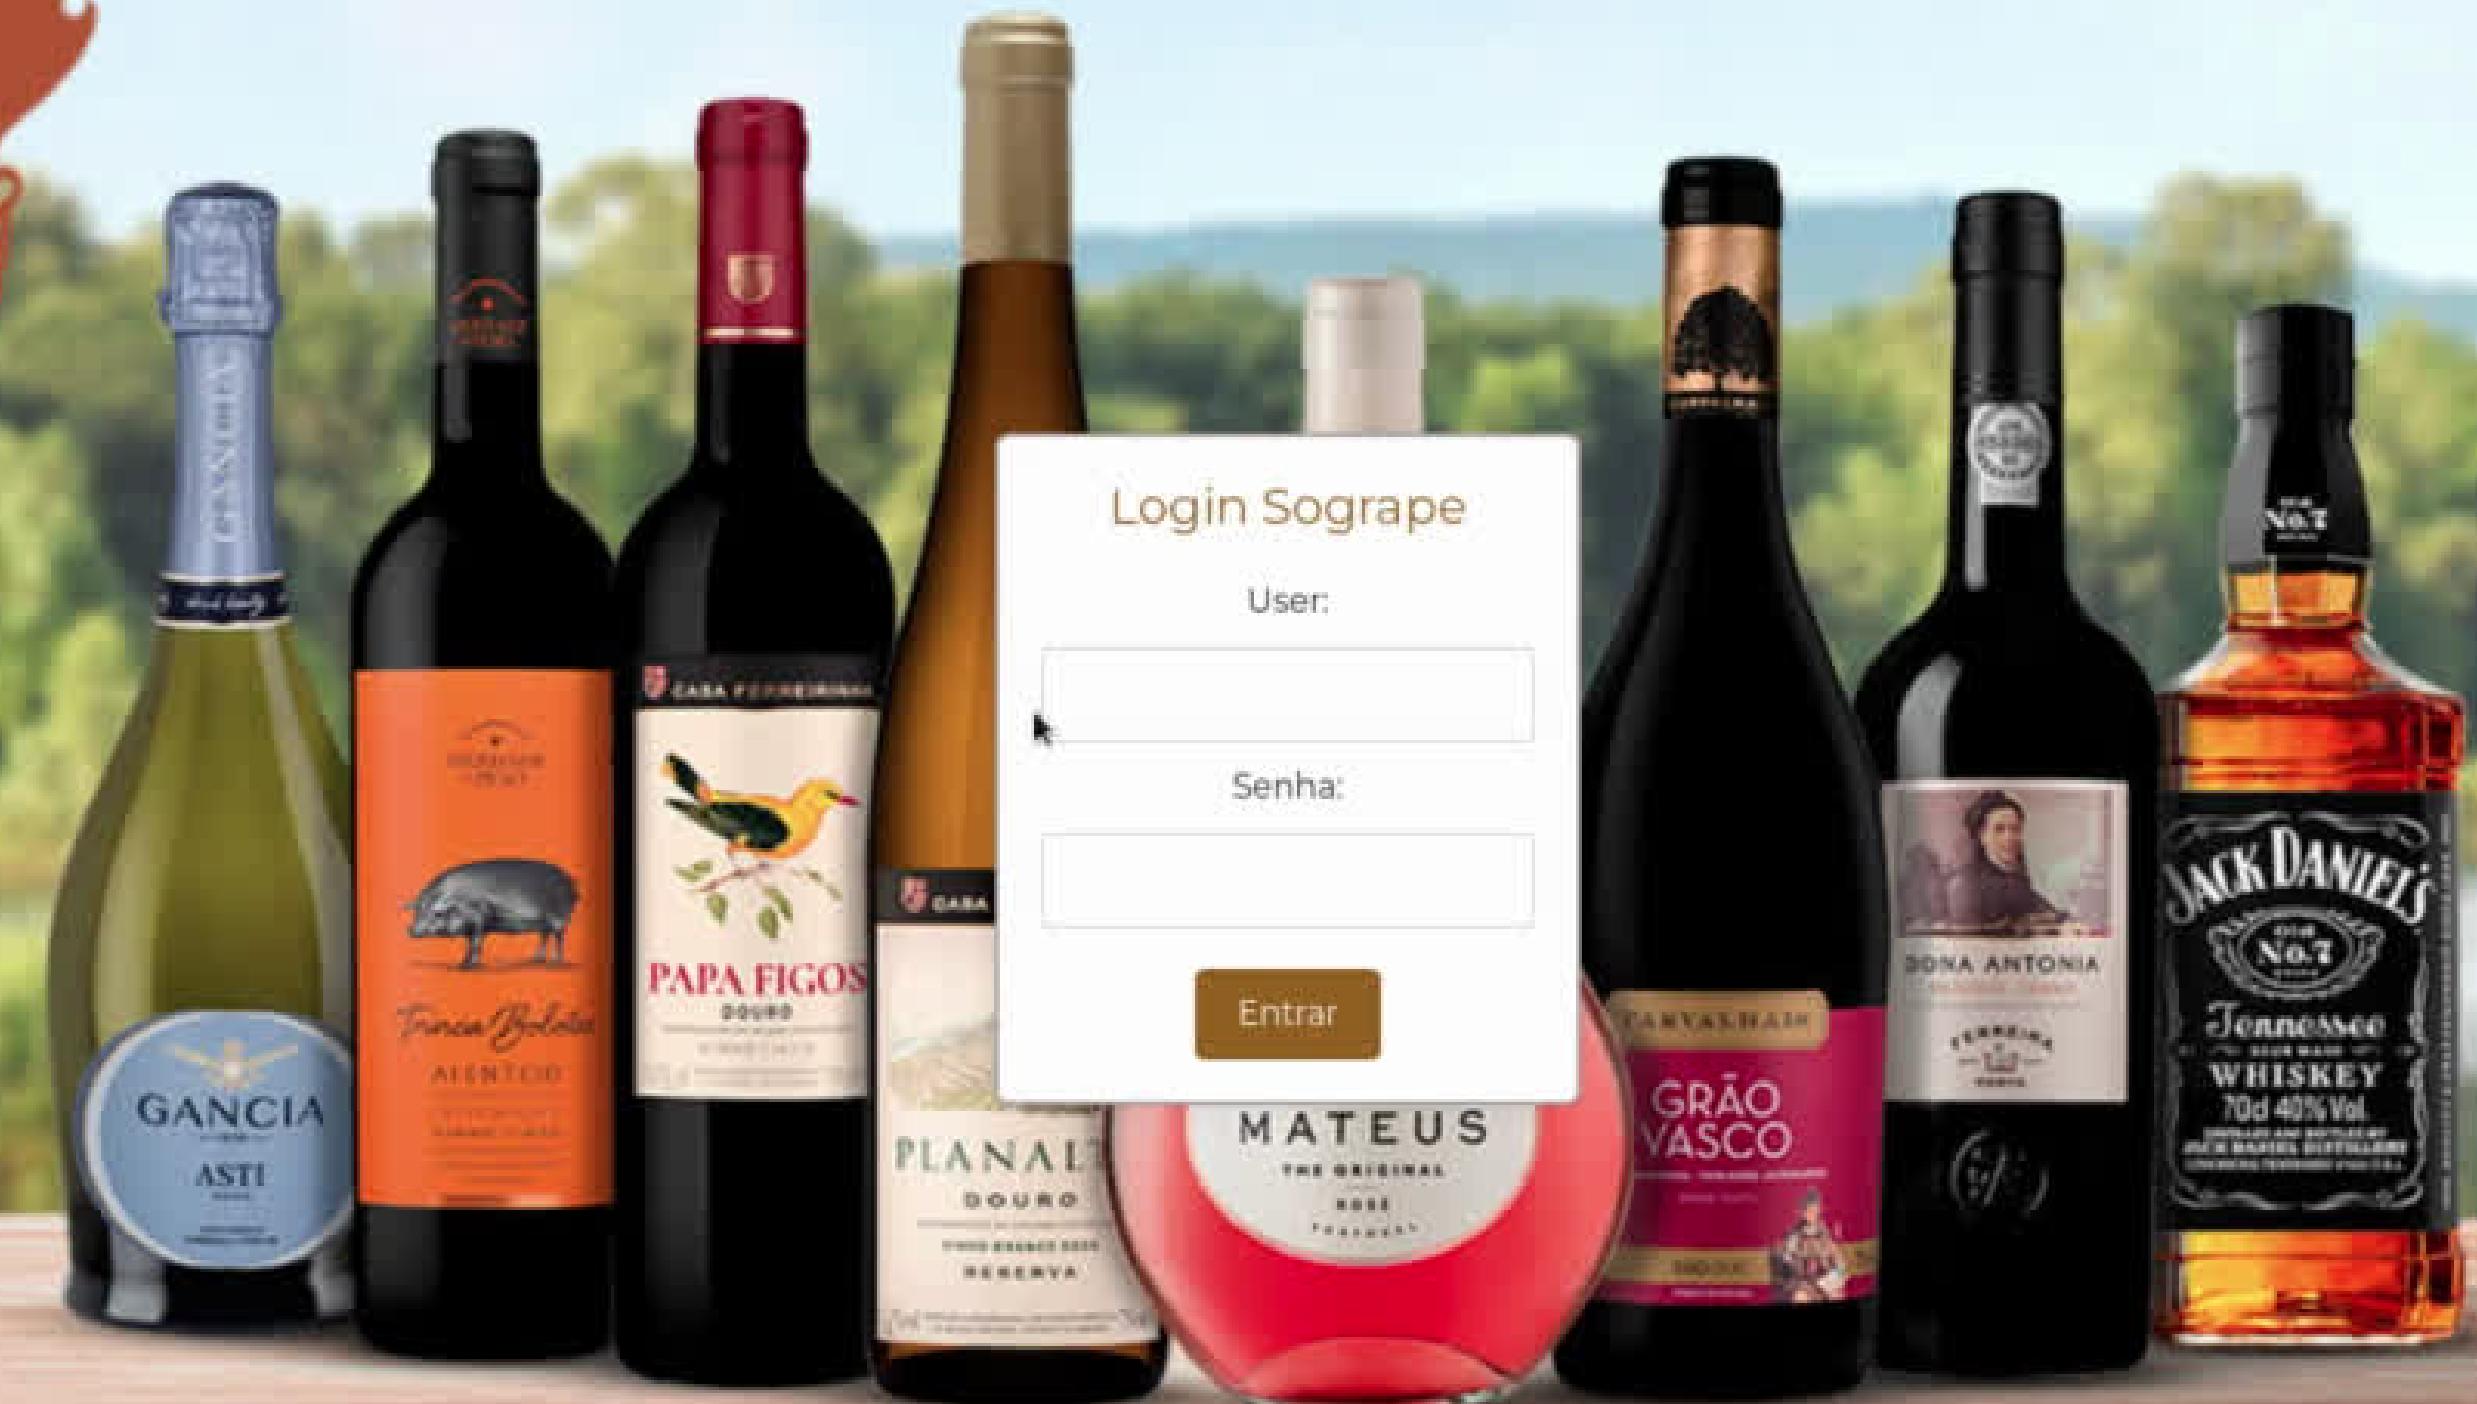

The Solution

Full Stack Project with:

- WebScraping;
- Login Authentication;
- Data visualization real-time;

DEMO

Login Sogrape

User:

Senha:

Entrar

Future Features

1. An interactive map that allows you to view distributors by their zipcode and the products offered;
2. Responsive design for mobile/tablets;
3. Different user levels at login authentication (admin, user only);
